

Arapahoe Community College
Addendum for the 2006–07 Academic Catalog

Automotive Technology
Degree and Certificate Programs

Effective 1/1/2007, new requirements have been implemented for all applicants and first-year students in the Automotive Technology degree and certificate programs.

To be eligible for acceptance into the program and continuation in the program:

1. Students must take a department-administered mechanical aptitude test.
2. Students must pass an industry-standard Motor Vehicle Records (MVR) check.
3. Students must pass a criminal background check. Please access the American Data Web site at <http://accautotechscreening.com>.
4. Students must pass a urinalysis check.

These requirements were posted to the Automotive Department's Web page on 12/15/2006. They are commensurate with automotive industry hiring standards, and were implemented at the request of the Automotive Program Advisory Committee.
